(54) Title: A TILING AID

**WO 01/09460 A1**

*(S7) Abstract:* A tiling guide (1) to aid the placement of tiles on to a surface comprises an elongate substantially flat strip having fixing means (12) to secure the guide (1) to a surface. The guide (1) is provided with a ridge (3) against which a tile can be aligned, and is so sized as to be obscured from view following conventional grouting. The ridge (3) may be provided with a series of cut-outs, and preferably has a castellated shape to enable the guide (1) to be rolled up during storage and transportation. Fixing means (12) is preferably in the form of a layer of adhesive protected prior to use by a peelable paper strip (11).
